

FEED THE FUTURE

The U.S. Government's Global Hunger and Food Security Initiative

Feed the Future / Ethiopia

Strategy and ZOI

Value chain focus: maize, wheat, sesame, coffee, honey, chickpea, live animals, meat, dairy, Irish /OFS potatoes

ZOI: AGP woredas in four regions are the focus for intensive agricultural growth, with select districts for the integration of intensification and resiliency

Key objectives:

- Enabling environment that supports increased investment and broad-based agriculture growth
- Improved productivity and commercialization
- Improved resilience to and protection from shocks and disasters with increased livelihood opportunities
- Improved nutritional status of women and young children

FEED THE FUTURE

The U.S. Government's Global Hunger and Food Security Initiative

The Central FtF Portfolio

Project	Start	End	Prime Implementing Partner
Africa RISING - Ethiopian Highlands	4/2012	4/2017	ILRI
Scaling Seeds & Technologies Partnership	3/2014	3/2017	AGRA
FTFIL for Climate Resilient Chickpea	1/2014	12/2018	UC Davis
FTFIL for Small Scale Irrigation	8/2013	8/2018	Texas A&M
New Alliance ICT Extension Challenge	9/2014	9/2017	Digital Green
Barley/Faba Bean Scaling Activity	10/2014	9/2018	ICARDA
FTFIL for Integrated Pest Management	10/2014	9/2019	Virginia Tech
DTMA/DTMASS	2012	2016	CIMMYT
FTFIL for Adapting Livestock Systems to GCC	4/2010	4/2015	(formerly Colorado State; currently being re-competed)
FTFIL for Reduction of Post-Harvest Loss	2014	2019	Kansas State U
FTFIL for Sorghum/Millet	7/2013	7/2018	Kansas State U
HICD: Africa Women in Agricultural Research & Development (AWARD)	2011	2015	ICRAF
HICD: Borlaug Global Food Security Fellowship	10/2012	9/2016	Purdue
HICD: Borlaug LEAP Fellowship	10/2012	9/2016	UC Davis
FTFIL for Assets and Market Access	2012	2017	UC Davis
Africa RISING II	10/2012	9/2018	

Cumulatively, the 20 centrally funded FtF programs active in Ethiopia allocate at least \$30M to Ethiopian activities, over a roughly 5-year period (2013-2018).

For context:

GRAD=\$23M

LMD=\$38M

Cumulatively, central investments in Ethiopia are similar in scale to a mid-sized agricultural development program.

FEED THE FUTURE

The U.S. Government's Global Hunger and Food Security Initiative

The Central FtF Portfolio

With whom do central projects partner?

Central projects work with >50 local partner institutions. Many share common partners with USAID's bilateral programs.

Potential point of coordination/integration across projects

Potential for redundancy, saturation of partner capacity?
